COUNCIL TO MAKE PLANS TO SAVE COAL

Meets Tonight to Discuss Proposition That Use of Electricity For Power be Restricted

FIRM QUILTS VOLUNTARILY

Charles E. Francis Co. Will Discontinue Use of Current Monday—To Fit up Boilers

SCHEME OF SUPT. MAHIN

Would Restrict Power Users to 5 Horse Power Load—Appeal to Cut Off Needless Lights

With no relief in sight and the coal pile getting lower and lower each day at the water and light plant, the city council has called a special meeting tonight, at which some action will be taken, which will probably result in the cutting off or restricting the use of electric power in order that the coal supply which is on hand may last a few days longer.

The coal bin at the plant today showed that a supply on hand would last only about six days at the normal rate of consumption. Supt. Mahin pointed out that by cutting off power lines, the supply could probably be extended for a period of 10 days.

The council will meet tonight to discuss plans and hear the report which Supt. Mahin has prepared in the way of suggestions. Today the load at the plant was 500 horse power, and one of the suggestions which Mr. Mahin will make will be to cut power load to only 5 horse power.

By reducing the power rate it will mean that many factories and other businesses which are solely dependent upon the city for power, will have to suspend business or find some other way of operating.

This morning, the Charles E. Francis Company, a factory which uses the city electricity exclusively for power, notified Supt. Mahin that they would volunteer to discontinue the power beginning Monday morning. This factory will go to the expense of equipping their boilers for power purposes, and with the supply of coal that is on hand they will operate that way for thirty days.

It was also unofficially stated that one or two other heavy users of electricity will find other ways of operating.

With the reduction of the horse power to five horse power, it will mean that some businesses can operate on a small scale, such as bakers, ice cream plants, dry cleaners and the Republican office.

Superintendent Mahin stated that there were about 25 places of perhaps more which were dependent largely if not solely on the city for power. He stated by reducing the horse power, these places could operate different pieces of machinery separately, and that the motion picture theaters could continue under a reduced rate, so that people could have occasion to attend theaters, and not use the electricity in their homes.

Another proposition about the railroads was advanced by Superintendent Mahin. Three railroads, the Four, Pennsylvania and Lake Erie are dependent here for their coal pumped into the tanks. By cutting off power by a shut down of the plant, the trains on these roads could not pass through here, many of them are compelled to get water here daily. The city has a string on the C. I. & W.

ICE BOX CASE CONTINUED

Suit of Ed Woods Against J. D. Stewart Postponed For a Week.

The suit for possession of a refrigerator filed by Ed Woods against John D. Stewart, a few days ago, which was set for trial this morning, was continued until next Saturday morning. Woods alleges that Stewart has an ice box in his possession that is rightfully his, and demands judgment in the form of recovering his ice box, and \$5 damages for its detention. The case was filed before Squire Stech.

RULES I. & C. HAS RIGHT TO USE RACE

Special Judge John C. Craige of Greensburg Decides Case of Herkless vs Henry

IN COURT HERE SINCE 1918

While here yesterday afternoon, Judge John C. Craige of the Decatur circuit court at Greensburg, announced his decision in the case of A. R. Herkless of this city against Charles L. Henry, president of the Indianapolis & Cincinnati Traction company for possession of ground used as a mill race. Judge Craige, who sat as special judge in the case and heard the evidence last month, found for the defendant and assessed the costs against Mr. Herkless.

The case has been pending for a long time, having been filed in 1918. Judge Craige found that the defendant was still entitled to use the mill race, according to a deed made in 1845, which provided that the land used for the mill race should remain the property of the owner of the mill so long as the mill was operated.

The plaintiff contended that when the mill burned down several years ago, the land reverted to the original owners, but the defendant pointed out the a mill was still being operated on the old site, the one which was destroyed having been rebuilt. The mill belongs to Mr. Henry and is leased to the man who operates it.

Donald Smith represented the defendant and Walter Carey of Indianapolis was the attorney for the plaintiff.

TO ATTEND MEETING COUNTY PRESIDENTS

Fred Bell Will Represent Rush County Farmers Association at District Session.

TO BE HELD AT GREENSBURG

Fred Bell, president of the Rush County Farmers association, will go to Greensburg Monday to attend a meeting of the county presidents of the eighth district, which will be presided over by L. M. Volger of Hope, Bartholomew county, representative of the district on the board of directors of the State Federation of Farmers' Associations.

The meeting was called by the district director for the purpose of sounding the county presidents regarding the sentiment in regard to a secretary and treasurer of the state federation. The state board of directors will elect these two officials for the coming year and will consult with the county representatives in their districts to learn the sentiment of the farmers in their respective districts.

PRINCE OF WALES LEAVES

New York, Nov. 22.—The Prince of Wales bid farewell to America at 2:30 o'clock this afternoon when the H. M. Renown left anchor for Halifax.

TWO DIVORCES GRANTED TODAY

Another Case is Heard and Taken Under Advisement by Judge Sparks in Circuit Court

WOMAN GETS SUPPORT MONEY

After 32 Years of Married Life, Zenobia Wiley of Milroy Brings Suit For Divorce

The circuit court today was busy with divorce cases, hearing three cases, granting two of them, giving a change of venue in one, granting support money, and receiving a new case for divorce. Divorce was about all that was taken care of today as there was not much room for anything else.

Pearl L. Carpenter, who was recently sued for divorce by Donald E. Carpenter and who filed a petition the other day asking for a change of venue, was granted the change today and five days was given to complete it. The case was sent to Hancock county.

Hattie LaLonde, filing suit against Telles LaLonde for divorce, was this morning heard, and a divorce granted, with the restoration of the plaintiff's maiden name of Hattie Emmons. The defendant, defini-

The divorce case of Nellie M. Fender against Carl D. Fender was heard this morning, and after hearing the evidence, the case was taken under advisement. It was sent here from Fayette county on a change of venue.

Mable Whittaker filed a suit this morning against Roy Whittaker, asking for support money for their two children, alleging that he had without cause abandoned her. The court heard the evidence this morning and granted the plaintiff five dollars a week as support money.

Another divorce was granted this morning to Marietta Wolf from Donald Wolf. Mrs. Wolf is the daughter of E. A. Ball of this city, and formerly lived in Connersville where the suit originated, being sent here on a change of venue. The evidence introduced this morning showed that Mr. and Mrs. Wolf were both 16 years of age when they were married two years ago. Judge Sparks stated that it was a case where they married too young, and the young mother said she guessed he was right.

In granting the divorce, he allowed Mrs. Wolf three dollars a week as support money for their baby.

Zenobia Wiley of Milroy brought suit this morning for divorce, alleging cruel and inhuman treatment against Ephraim Wiley. Mrs. Wiley stated in her complaint that they were married September 5, 1887, and separated in August of this year.

In asking for a divorce, Mrs. Wiley also asks for support money and custody of their children. She states that her husband is not now a resident of Milroy, but is living in Ogden, Ill.

In the thirty-two years of married life there were seven children born, the eldest being 21 years and the youngest four years. Two of the children are beyond the court's jurisdiction and she asks support money for the remaining five children.

ENDORSE PLAN OF RED CROSS

Resolutions Adopted by County Teachers Approve Scheme to Employ Full Time Nurse

OTHER RECOMMENDATIONS

Addresses Made by State Supt. L. N. Hines and Dr. L. C. Lord of Charleston State Normal

Rush county teachers in annual meeting today heard addresses by L. N. Hines, state superintendent of public instruction, and Dr. L. C. Lord, president of the Eastern Normal school, Charleston, Ill.; adopted resolutions and elected officers for the coming year.

The election was the last order of business being scheduled to come up at 3:15 when committees were to report. A program of music and readings was also enjoyed by the teachers.

Among other things, the resolutions, which are as follows, endorsed the plan of the Rush county Red Cross to employ a full time county nurse to make a health survey of Rush county and recommended that the officers of the Indiana State Teachers Association provide more halls and speakers at the annual meeting:

Whereas the Rush County Teachers association has been and is a vital factor in the betterment of educational work in our county.

Be it resolved that we heartily favor the continuance of the organization, and

Whereas good health is a prime requisite for successful school work.

Be it resolved that we approve of the plan of the Rush County Red Cross to hire a full term county nurse to make a health survey of Rush county and be it further resolved that those cases in which parents are unable to furnish necessary medical attention be put in the hands of the children's board of guardians.

Whereas the attendance at the State Teachers Association is constantly increasing,

Be it resolved that we urge upon the officers of that association to provide more halls and more speakers so that that the over crowding evident at the last meeting may be eliminated.

Whereas the program for this meeting bears unmistakable evidence of thorough planning of those in charge, be it resolved,

That we thank the officers of the organization for their efforts and congratulate them for the pleasure and profit derived from this meeting.

The resolutions were prepared by a committee composed of A. M. Taylor, John Geraghty and Miss Freda Flint.

The address at 10:30 by Dr. Lord dealt with after-the-war problems of the teacher. He predicted that a better time was coming for school teachers, but asserted that the big problems confronting them now could not be solved at once. He made an urgent appeal for teachers to put forth their best efforts because it is the efficient teacher who will receive the best wages.

"We are not giving our country school children a square deal," asserted L. N. Hines, state superintendent of public instruction, in the first address on the program at 9:30 this morning. "We will not be giving them a square deal until we spend as much on their education as we do on city children, until we get for them as many trained teachers as the city children instead of providing nothing but novices, until we provide as good school equipment as the city children have and until we make surroundings attractive enough to get as many good teachers as the city children have."

Casper, Wyoming, Nov. 22.—The crew of a Burlington railroad freight train unmercifully threw a man off at Kirby, Wyoming, today. The man was William Carlisle, the well known hoodlum of the country. Detectives went to Kirby on a special train but up to noon failed to locate the suspect.

REPORT OF 25 IN GLENWOOD

First Red Cross Memberships From Union Township Come in Today.

Twenty-five members from Glenwood represented the sum total of memberships reported to county Red Cross Roll Call headquarters in the recorder's office today. Mrs. Van Lewark sent in this report, which was the first from Union township, and brought the total in the county up to 2,827. Officials still had hopes of reaching the goal, 3000, because not a membership has been sent in from Center and other townships are expected to augment their members already sent in.

ECLIPSE VISIBLE TO THE NAKED EYE

Sun Rises Eclipsed at 6:56 A. M. and Reaches its Height at 7:48 A. M.

MOON OVER CENTER OF SUN

The annular eclipse of the sun was visible to the naked eye here this morning and attracted the attention of many people. The sun's rays did not seem as bright as usual, giving the effect of a hazy atmosphere. A number of persons, not knowing that the eclipse was to take place, commented on the unusual conditions.

The sun rose eclipsed to the extent of nineteen degrees at 6:56 o'clock and the middle of the eclipse was reached at 7:48 o'clock with an eclipse of sixty-one degrees. It ended at 9:07 o'clock.

An annular eclipse according to the experts on the subject, is one in which the moon is over the center of the sun, with a ring of sun showing around it. It was best visible this year in the South Atlantic ocean, eastern Texas and the Gulf of Mexico.

INDIANA WILL BE PUT ON SUGAR RATION

Four Pounds Per Capita Per Month Will be Allowed and Price Will be Held Down

MAY HAVE 30-DAY SUPPLY

(By United Press) Indianapolis, Ind., Nov. 22.—Indiana will go on a sugar ration soon under the order of Stanley Wyckoff, it was announced today.

The ration will be four pounds per capita per month. Candy manufacturers and candy kitchens will operate with the reduced supply.

Instructions will be sent out Monday to fair price committees in every community telling them to call on retail stores in an effort to uncover cases where the dealers are charging prices in excess of the government limitation.

Families may have a 30-day supply of sugar without being considered hoarders. More than that will put the families in the hoarders class.

At the time Wyckoff made the announcement, Louisiana cane sugar was retailing here at 22 cents a pound.

BANDIT IS PUT OFF TRAIN

Detectives Harry in Scene After Report of Seeing Cariste

Casper, Wyoming, Nov. 22.—The crew of a Burlington railroad freight train unmercifully threw a man off at Kirby, Wyoming, today. The man was William Carlisle, the well known hoodlum of the country. Detectives went to Kirby on a special train but up to noon failed to locate the suspect.

DEMANDS OF MINERS ARE DECREASED

Acting President Lewis Announces They Are Willing to Settle For 31 Percent Increase.

OPERATORS TO SEE GARFIELD

Will Ask What Support Government Will Give if They Break Off Negotiations With Strikers.

NEW STEP BY GOVERNMENT

All Indianapolis Factories Will Close From Next Wednesday to Monday to Save Coal.

(By United Press) Indianapolis, Ind., Nov. 22.—All factories in Indianapolis will be closed from next Wednesday until Monday as a means to conserve soft coal.

This was decided at a meeting of factory heads in conference today to take such action to combat the fuel famine.

On the last day of the vacation, Saturday, the factory men will meet again to make a new agreement to determine further steps that will be taken.

Washington, Nov. 22.—Miners are willing to settle their strike upon a wage increase of 31 per cent. John Lewis, head of the United Mine Workers, announced today.

In the face of Lewis, announcement that the miners had decreased their demand from 40 to 31 percent, as asked by Secretary of Labor Wilson, a joint conference between miners and operators set for late today was postponed at the request of operators.

Coal operators decided to demand that the government explain its position in the coal situation.

Thomas Brewster, president of the operators association of the central competitive field, was named as chairman of a committee to call on Fuel Administrator Garfield.

The operators committee headed by Brewster, planned to ask what support the government will give if the operators decide to break off negotiations with the miners.

The government soon will plan a new step in the coal situation, it was indicated today, when announcement was made that Attorney General Palmer will discuss the situation with Rail Director Hines and Assistant Attorney General Ames. Monday.

The operators were unable to arrange a conference with Garfield today.

In announcing the new wage demand, Lewis charged that the operators outside the central competitive fields were trying to block the settlement of the coal strike.

YEGGMEN ESCAPE WITH CASH AND BONDS

BLOW OPEN VAULT OF FARMERS AND MERCHANTS STATE BANK AT BRYANT, NEAR PORTLAND AT 4 A.M.

PHONE OPERATOR AWAKENED

(By United Press)
Portland, Ind., Nov. 22.—The

Farmers and Merchants State bank at Bryant, six miles north of here, was robbed at four o'clock this morning.

Miss Ada House telephone operator, heard the explosion when the vault was opened with a charge of nitro-glycerin and spread an alarm, but the men escaped.

One thousand dollars in money and \$9,000 in Liberty Bonds were taken. A large shipment of currency reached the bank shortly after the robbery.

The same bank was the scene of a similar robbery of \$2,500 a few years ago.

It was believed here that it was the work of the same men who robbed the Henry County State bank at Spiceland Friday.

DETECTIVES FIND CLEWS

Seymour, Ind., Nov. 22.—Robbers who looted the safe deposit boxes Monday night in the Jefferson County Bank at Jeffersontown, Ky., drove to Veville, fourteen miles west of here and then separated according to the Louisville detectives. One man suspected of being a member of the gang boarded an east-bound train, the detectives say.

Personal Points

—Miss Effalee Frazier was among the Indianapolis visitors today.

—Miss Hannah Morris spent the day with friends in Indianapolis.

—Miss Marjorie Cox was among the passengers this morning to Indianapolis.

—Mrs. J. B. Pusey will spend the week-end in Connersville visiting her son Charles.

—Mrs. Rich Reed and daughter Mary Maud were among the visitors today in Indianapolis.

—Frank McCorkle of Milroy was here this morning while enroute for a visit in Indianapolis.

—Mr. and Mrs. S. A. Ross of Chicago visited Mr. and Mrs. Ora E. Hittle and family Tuesday.

—Mrs. P. J. Cowger has returned to her home in Indianapolis after visiting relatives in this city for several days.

—Mr. and Mrs. Frank Reynolds were among the Indianapolis passengers this morning where they spent the day.

—Mrs. Bertha Wilson and son George Lowell motored to Indianapolis last evening and will visit friends for a few days.

—Perry Oneal is visiting at the Beta Theta Pi house in Bloomington, Ind., and attended the Indiana Syracuse football game today.

—Fred Hayes has returned to his home in Southern Michigan after visiting the first of this week with Miss Louise Murphy of Glenwood.

—Lewis Frazee left yesterday for his home in Miles City, Montana, after a visit of several days here with his parents, Mr. and Mrs. John P. Frazee.

—Miss Margaret Jane Hamilton, little daughter of Mr. and Mrs. Earl Hamilton of Clarksburg, is visiting her grandmother, Mrs. Grant Gregg, for a few days.

—William Sparks went to Bloomington, Ind., to spend the week-end with friends at the Beta Theta Pi house at Indiana university and to

attend the football game between Indiana and Syracuse today.

—Mrs. John Woods returned to her home in Arlington this afternoon after an extended visit with her daughter, Miss Nelle Woods, of Washington, D. C.

—Mrs. J. B. Koontz, daughter Mary Adine and son Hugh of Union City, and Mrs. Stinehart of Elkhart, motored here yesterday and spent last night with Mr. and Mrs. Charles J. Caron and family. Jerome Caron returned home with them today to spend Sunday.

—L. R. Bishop left this morning on a few days' business trip to Springfield, Ill.

ENDORSE PLAN OF THE RED CROSS

*Continued from Page One
city schools".*

In this way Mr. Hines summed up his talk on "Rural Education", during which he used a chart showing the disadvantages of the country school child as compared with the city school child.

He pointed out on the chart that whereas there were only eight million city school children as compared to thirteen million country school children, \$90 million dollars was spent annually educating the city children and only \$50 million in educating the country children. The average yearly pay of the country teacher is \$414, he said, and the city teacher, \$965. An average of \$18 a year per child is spent in educating the rural children and \$53 in educating the city children, Supt. Hines showed by the chart.

"It is a shame and a disgrace", he continued, "that school teachers—especially those in the rural schools, are not paid more. The coal miner gets \$5 a day and wants \$8 with time and a half for overtime and double time on Sundays and holidays. I was told the other day that they wanted the time they spent going to and from their homes to count, and I asked my informant whether their time was to begin when they closed the front door or the front gate.

"There is a constant stream of country teachers in the city every year for longer terms and higher pay. Many think the teacher should crawl in a hole and cease to exist when the school term ends and then come out again when the term opens in the fall. They forget that the teacher has to live the year around just as other normal people who get a pay check every week".

Supt. Hines cited further statistics to prove his contention that American does not give the country school children a square deal. He pointed out that city school equipment was valued at five times as much as country school equipment.

The Ideal Christmas Gift

The CHENEY

FUNDAMENTALLY different from ordinary phonographs, The Cheney makes an addition to the home that is of ever increasing pleasure and value. For the longer you own a Cheney the sweeter its tones become, just as an old violin surpasses a new, untried one.

The very acoustic principles of the violin which give it its purity and serenity of tone have been incorporated in The Cheney. Thus, The Cheney becomes more prized the longer you own it, and unlike any other phonograph:

"The Longer You Play It The Sweeter It Grows"

To really appreciate Cheney Tones you should hear them. A piano record, one of the most difficult tests of a phonograph, sounds like a piano on The Cheney. Orchestral records have not only all of the vim and zest of the music but the very color and timbre of tones that you would hear if you listened to the orchestra itself.

Vocal records have color, quality, and richness ordinarily lost in a reproduction. Best of all, The Cheney places all the music of the world in your home—it plays all records.

Hear it if you would really appreciate what Cheney inventions have contributed to tone reproduction. Basic patents protect Cheney improvements—they have no imitations.

Regular Models, priced \$85 to \$365
Console Art Models, \$325 to \$600.

CHENEY TALKING MACHINE COMPANY

represented by

Geo. C. Wyatt & Co.

He gave figures on a school survey in Missouri which disclosed some startling things about country schools.

"We must start a revival among the mothers and fathers of the country school children," Supt. Hines declared, "the people who pay taxes. Many a township trustee has made a campaign with the sole platform that he will reduce the taxes."

He asserted that people must realize that he old ramshackle school is a thing of the past and can not longer be tolerated.

Supt. Hines showed a picture of a sanitary jail and a shack for a school house and asked if the boy could be blamed for preferring the jail.

The speaker pointed out the littleness of the country schools, that there is a little district, valuation, levy, school house, school ground, teacher, attendance, teacher's salary and little children taught little things in a little way.

"We have belittled the country schools always", he added.

W. E. Wagoner of Arlington, president, presided at both sessions. The program opened at 9 o'clock with singing of familiar songs, followed by devotional exercises conducted by the Rev. G. F. Sheldon of the First Presbyterian church. Musical numbers during the morning included a cornet solo by Miss Vivian E. Harris and a vocal solo by Miss Mabel C. Cornwell, both of the city schools. This afternoon Miss Mary Garrad of the Moscow school gave a program of readings and Rushville high school girls' glee club sang.

Golden Promise of the Future.
We are thankful for the assurance that out of all the tumult and madness of the past years the world of mankind is to find a life richer, truer, grander, than any it has heretofore known, a life of truer freedom, of sweeter tolerance and of a broader goodwill and brotherhood.

And we are thankful for the thought, amounting almost to a settled conviction, that as a consequence of the great awakening which has come to it with all its blood and tears and suffering, the world will from now on be forever done with every form of organized hypocrisy and oppression, will love the truth and nothing but the truth, and will deal justly, and love mercy.

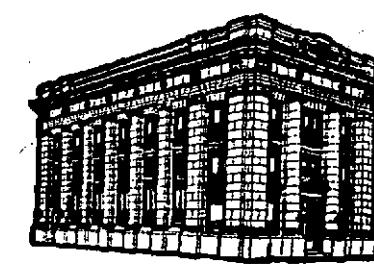

Worldly Spirit Too Much With Us.
It must be admitted that our country has been an egotistical nation, because of our great material expansion and prosperity, and that the true spirit of Thanksgiving day has not been felt by a very large proportion of the people during the past few years. The intent of the pioneers who established it has been lost sight of largely. It has been regarded too much simply as a day to be observed by the church people, while the crowd took advantage of the holiday to indulge worldly pleasures.

Bond Money

If you wish to invest in Indiana County, Township School, and Gravel Road Bonds, also Government Bonds and Mortgages, earning from 4.6% to 6%, we invite you to call and see us regarding your investments.

The Real Menace

If it is not organized labor which threatens the future of this country, either is it the insatiate greed of capitalism.

Without organization labor would be underpaid and underfed.

Without the capitalist there would be no adequate avenues for the employment of labor.

Both must survive.

But the menace with which we must cope is the alien parasite who has fastened himself on organized labor and is daily eating out the heart of the great American republic.

These radicals from other lands are in a majority of cases not even citizens of our country. They are not loyal to our institutions nor to the true interests of the organizations to which they have attached themselves.

They are alien agitators and destroyers—nothing more. They preach their pernicious doctrines and prey upon the susceptibilities of others with the sole idea in view of creating discord and disruption for their own individual advantage. They would displace the intelligent leadership of labor organizations and usurp the seat of authority for themselves. And they are succeeding in these nefarious undertakings to an alarmingly wonderful degree.

Violence is their only effective weapon, and this they employ to the limit of their possibilities in their campaign of brutality and intimidation.

They are shrewd enough, however, to see that the responsibility for their devilishness is laid at the door of organized labor, and by this means escape the individual punishment which is their just due.

The American people have been bully-ragged by these aliens until patience is no longer a virtue.

The time is at hand for the government, the law abiding element of organized labor and the public to kick these malecontents out of the country or place them where they can no longer agitate and destroy.

The poisonous snake is a source of constant danger and is promptly crushed.

The alien parasite who is sucking the blood of honest labor and preaching sedition among our citizens is a national peril and should be exterminated.

Deception in Apparel

Only a short time ago, the Federal Trade Commission handed down a decision in which a manufacturer was ordered to discontinue the use of a trade name because it was stated the trade name tended to mislead the public as to the character of the fabric.

Subsequent to this decision, the Federal Trade Commission has also cited fifteen (15) manufacturers for alleged false labeling which it was

Sap and Salt

By BERT MOSES

Success goes to the progressive man.

Strikes, bad as they are, always indicate plenty of work.

Idleness may not be a crime, but industry is surely a virtue.

The reason a lot of people get poor pay is because they do poor work.

All wise men are fools occasionally and fools are sometimes very smart.

Hez Heck says: "It takes a real hero to pay \$20 for a pair of shoes without bellyaching."

claimed by the commission, was calculated to deceive the public.

The Philadelphia Public Ledger not so very long ago, published an article headed:

"Shoddy Sold as Wool—Deceit If Not Fraud—On Consuming Public."

More than two thirds of the raw material used in apparel sold as all wool, is shoddy and not virgin wool, as the public believes, according to the National sheep and wool bureau of America.

Everyone knows that there are many different qualities and kinds of wool, but not one person in 100,000 knows or even suspects that the term "all wool" means wool that has previously been used in cloth.

Therefore, the term "all wool" which has become a mere general term that includes shoddy, permits of gross deception to the public, and inflicts not only upon the public, but on sheep husbandry, one of the world's most essential industries, a grievous wrong, in that it places a high premium on the use of shoddy, and permits it to be sold for the price of virgin wool and greatly discourages the use of virgin wool, thereby forcing the wool growers out of business.

Kicking is a virtue, when it accomplishes something besides a kick in return.

Self delusion is a popular pastime with the fellow who wants something for nothing.

Energy breeds success, but only common sense can retain it.

America leads the world in dress—and, at times, in the lack of it.

St. Paul's M. E. church—Sunday school at 9:30 o'clock; morning worship at 10:30 o'clock; sermon by the pastor, topic, "Quenching the Thirst;" Junior League at 2:30 o'clock; Epworth League at six o'clock; evening worship at 7 p. m. sermon topic, "The Silence of Jesus." Everybody is cordially invited to attend these services.

MILROY WINS FROM LIBERTY 22 TO 14

Hard Fought Game Taken by Rush County Team in Fast Game Played at Liberty

PLAYS FAIRVIEW NEXT WED.

The Milroy high school basketball team took the Liberty high school down the line last night at Liberty, the final score being 22 to 14. It was a hard fought game from beginning to end, and it was fully fifteen minutes in the beginning of the game before either team scored.

The score at the end of the first half was 8 to 7 in favor of Milroy. Stewart and McKee for Milroy, both forwards, played a good game and each secured four field goals apiece. Next Wednesday the Milroy team will meet the Fairview high school at Milroy. The Fairview team defeated Connerville a few weeks ago, and are considered a fast bunch of players.

The score and summary:

Milroy (22)	Liberty (14)
Stewart	Thompson, Barnhart
McKee	Forward
Osterling	McMahon
Innis	C. Snyder
Harcourt	Guard
	Martin

Field goals: Stewart 4, McKee 4, Osterling 2, Innis, Barnhart, Snyder, McMahon, Foutz 2. Field goals, Thompson 3, Barnhart. Referee Case of Connerville.

Amusements

Comedy Program at Princess

Mabel Normand's world of admirers will find "A Perfect 36," her latest Goldwyn Picture, which comes to the Princess theatre, tonight even more laughter-compelling than her previous comedy success, "Peck's Bad Girl." Without a peer as a screen sunmaker, Miss Normand found in "A Perfect 36" greater opportunities for her sparkling artistry than in any other play she has previously had.

The play offers the Goldwyn star four different ways in which to give of her comic self. For a time she is Mabel, a maid of all work at a boarding house. Full of pranks, she doesn't last long at that job. Then a kind friend engages her as a friveling waif salesgirl and Mabel's attempts at selling are even more ludicrous than her work among pots and pans at the boarding house. Mabel forgets business for a time and becomes a diving girl. And it is here that the premier comedienne gets in her funniest bits while looking her prettiest in a one-piece bathing suit.

There is a moment or two of seriousness for Mabel at the beach when a constable has the effrontery to accuse her of being a notorious jewel robber from the big city. Right there things begin to happen to that poor, misguided minion of the law, most side-splitting of which is chasing the nymph a mile along the beach while crowds stand by howling with glee.

Kerrigan and Thrills

J. Warren Kerrigan, the handsome young screen star whose new pictures are eagerly awaited by patrons of the Mystic theatre, will again be seen at that popular picture house today in "The End of the Game," a Jesse D. Hampton production. Lois Wilson, the Alabama beauty, who has seen this star's leading lady for many months, again plays opposite.

It is a story of the West in the days of '49, when men lived with their guns in the holsters ready for instant use and when intrigue, gambling and fighting were but a part of the daily routine. George Elwood Jenks has written a romance with a new type of Western good bad man. Kerrigan's role excites sympathy from the start. He may be a gunman, but he is of the type of Southern gentleman who has drifted west and entered into the life with a care-free, happy-go-lucky spirit.

Perhaps he does gamble, perhaps he can shoot and is absolutely fearless, but he has the soul of the real lover and is genuine at heart.

All the thrills, stirring action and

Our Daily Laugh

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

Eighty-seven members of the Union had crowded into Harmony Hall, a squat room with bad ventilation, to hear a peerless leader who had nothing to talk about and who consumed two hours doing it. He finally drifted into a diatribe against the menace of rating women workers on a par with men and the future and dangerous equalization of wages. A "soused" man in the rear of the room called out:

"Adda boy! Zat's time you said somethin'! The women folks is gonna get men's wages right durned soon."

"When?" asked a joker on the front line.

"A woman's gonna get mine next Sarday night."

(Contributed by Miss M. H. Punnett, Rochester, N. Y.)

People's Column

Rushville, Ind., Nov. 21, 1919
Editor of the Republican:

The circulating of the petition for my reinstatement at the Rushville office of the American Railways Express company was not my own idea but was suggested to me. The business people told me that I should do it. As far as my being competent is concerned, I can say that I served the express company well and was always honest in my dealings.

The agent says that the business men signing my petition, if they are so interested in my welfare, should give me a responsible position in their own business house. In reply to that, I can say that I have plenty of positions which I can take, but that I am not working now due to sickness. Truly yours,

GEORGE BAKER.

suspense which serve to make for the popularity of Western dramas are present in "The End of the Game." Throughout, too, there runs a sweet love theme, so carefully handled and so truly romantic that it adds a dignity to the sordid struggles of those old days.

James J. Corbett will be at the Mystic Monday in the 7th episode of "The Midnight Man" and there will also be an L-Ko comedy, "The Beauty and The Boob."

Indianapolis & Cincinnati Traction Company

Special Coal Strike Schedule

On account of the shortage of coal, brought about by the strike of the Miners' Union, in violation of law and the order of the United States Court, refusing to mine coal, we face a complete shut-down of all roads in a very few days.

To avoid this as long as possible and to give the communities we serve as much service as possible, we will, beginning at 6 o'clock A. M. Friday, November 21, 1919, commence operating on a reduced schedule as follows:

Leaving Indianapolis for Connersville.

6:00 A.M.	9:00 A.M.	12:00 Noon
3:00 P.M.	6:00 P.M.	9:00 P.M.

Leaving Indianapolis For Greensburg.

6:00 A.M.	9:00 A.M.	12:00 Noon
3:00 P.M.	6:00 P.M.	9:00 P.M.

Leaving Connersville For Indianapolis.

6:00 A.M.	9:00 A.M.	12:00 Noon
3:00 P.M.	6:00 P.M.	9:00 P.M.

Leaving Greensburg For Indianapolis.

6:00 A.M.	9:00 A.M.	12:00 Noon
3:00 P.M.	6:00 P.M.	9:00 P.M.

All the cars will be operated as locals and patrons can easily, from the outstanding time tables, figure what time they will reach any given point by noticing when they leave either Indianapolis, Greensburg or Connersville terminal.

Patrons using electricity for lights are requested to cut down their consumption to the very lowest amount, and if this does not bring a sufficient saving of the current required, all of the current for lights will be turned off on Monday morning, November 24, 1919.

A great many will be discommoded by the change of schedule and the cutting off of lights, but it is a time of stress when everybody will be discommoded and all loyal people must bear the inconvenience with bravery.

The freight service will remain as usual as it is a real necessity to the various communities for living purposes.

Ordinary service will be resumed as soon as a sufficient supply of coal can be had therefor.

CAMBRIDGE CITY IS OUTCLASSED

Rushville High School Basketball Team Defeats Visitors by Score of 40 to 8

DEFENSE BEWILDERS THEM

Arlington Wins From New Salem High School Five in Curtain Raiser, 26 to 8

Cambridge City gave the local high school basketball team very little opposition last night, and was completely outclassed by the fast playing of the locals, the score being 40 to 8.

When the game first started the visitors gained a two point lead, and exerted much of their strength in keeping the locals from scoring. The score was tied after two fouls had been called on the visitors, and Eakin threw each one.

The Cambridge City five were bewildered when the locals used their defensive formation, and they were at no time in the game able to solve the problem of getting away from the strong defense put up by the locals. The visitors were one of the fastest and scrappiest teams that has played here. They were exceptionally good on guarding, but were weak on making baskets.

The local team soon broke away from the tied score and ran up 14 points while Cambridge City netted only 3 in the first half. Each member of the local team took part in making points in the first half, and Frazee was credited with making one of the prettiest shots from the center of the floor, that has been seen here for some time.

It was in the last half that Cambridge City's hopes went dwindling, and during this frame Headlee caged the basket for seven goals. The center for Cambridge City, Chase, played a good game for the visitors, and in the last half made two field goals under a difficult handicap.

In the last half when the team had about eight minutes to play, Coach Sutton made three substitutions, in order to give the substitutes a try-out. Miller, Moore and Frazee were taken out, and Titsworth, L. Headlee and Morton were substituted.

The substitutes showed up well: L. Headlee making two goals and Titsworth one. This was the first game that the "subs" have ever been given a workout. Gray, forward, was not in uniform last evening, on account of sickness.

The locals will play their first game away from home next Friday night, when they will play at Shelbyville. A large crowd of fans are planning on making the trip.

The score and summary:

Rushville (40) Cambridge City (8)

Miller, Titsworth Eaton

Forward

Moore, L. Headlee Dairy

E. Headlee Center Chase

Eakins Boughner

Guard

Frazee, Morton Boyd

Field goals: Miller, Titsworth,

Moore 2, L. Headlee 2, E. Headlee

9, Eakins, Frazee, Chase 2, Boughner.

Foul goals: Eaton, Dairy, Mil-

ler, E. Headlee 2, Eakins 3. Referee-

Humpke of Connersville.

Arlington 26; New Salem 8

The Arlington five played the New Salem team a game last night as a curtain raiser, and had little difficulty in defeating the 'Salem boys, by the score of 26 to 8. The first half was closer and New Salem led until a few minutes before the close. This is the first year that New Salem has had a team, and their playing was unusually good for a bunch of newcomers. Lack of team work on both sides was evident. The teams lined up as follows: Arlington, Bert and Colt, forwards; Nelson, center; Macy and Hufford, guards. New Salem: Moore and Perkins, forwards; Bever, center; Jinks and Logan, guards.

SHORTAGE IS ACUTE

Noblesville, Ind., Nov. 21—Continued absence of coal production, due to failure of miners to work pending an agreement with operators on a new wage scale, is causing an acute shortage of fuel among Noblesville industrial establishments.

Earn \$25 a Day or More in Your Own Business Here in Rushville

Like scores of other Yankee Bakeshop Operators, you too can make \$25 and more net per day if you go in this sensational success Automatic Bakery Business for yourself. The modern "Bake-in-Sight" Show Window Bakery has revolutionized the producing and selling of bread, cakes and rolls; everywhere one is opened it "takes" big. One small town operator made \$1147 CLEAR his first month of business.

The Yankee Revolving Oven in the front window of your store attracts trade in droves. It turns out 80 loaves of delicious YANKEE MAID bread every thirty-four minutes, bakes everything—perfectly. A Yankee Outfit—complete in every detail—will establish you in this money-making business. And the price of the One-Oven Unit (capacity up to 1500 loaves per day) is only \$3145.

NO BAKING. KNOWLEDGE NEEDED — YANKEE PLAN INSURES SUCCESS

We get behind you and stay behind you, see you through to success. For we can risk no break in our fast-growing chain of profitable Bakeshops. You have no royalties to pay the Yankee way, no "strings" are attached to our proposition—in every way the most attractive that is afforded.

This new-day way of baking is taking the country by storm. Small wonder when you consider the profit in it. Choice territory is being spoken for with amazing rapidity; prompt action is essential. Write for information today; there is no obligation on your part.

Preserving New and Old Linoleum and Oil Cloth

Linoleums And Oil Cloth May Be Preserved By Applying One Or Two Coats Of

(Elastica Floor Finish)

as on wood floors. When two coats are to be applied the first coat should be reduced ten per cent with pure spirits of turpentine and should be allowed 24 hours for drying, then sandpaper lightly and apply a second coat of ELASTICA FLOOR FINISH, using the varnish as it is received in the can. Old Linoleum and Oil Cloth must be thoroughly washed with warm water and soap or washing powder to remove all dirt and grease, then washed with clear water to remove all soap. When thoroughly dry, apply two coats of ELASTICA FLOOR FINISH as previously directed.

Psalm of Our Fathers

That psalm our fathers sang we sing,
That psalm of peace and war,
While o'er our heads unfolds its wing
The flag of forty stars.
And while the nation finds a tongue
For nobler gifts to pray,
I will ever sing the song they sung
That first Thanksgiving Day.
Praise ye the Lord with fervent lips,
So rose the song from all the ships
Safe moored in Boston Bay.
From "The Thanksgiving in Boston Harbor" by Ezekiel Butterworth.

Ruffles Are In Eruption

By MARGARET ROHE
(Written for United Press.)

Monday afternoon the W. W. club will meet with Mrs. Walter E. Fraze at her home, 322 West Eighth street.

* * *

Mrs. Douglas Morris will be hostess for the members of the Coterie Monday afternoon at her home in East Fifth street.

* * *

The members of the S. E. T. club will be entertained by Mrs. Walter Fraze Tuesday afternoon at her home in West Eighth street.

* * *

Mrs. William Churchill will entertain the O. N. T. club Wednesday afternoon instead of Tuesday afternoon, at her home in North Main street.

* * *

Mr. and Mrs. John Miller, Mr. and Mrs. Ivan Coyne and daughter Rosemary and Miss Eva Talbert of Morristown will be the weekend guests of Miss Helen Dwyer of London, Ohio.

* * *

The Tri Kappa's will be entertained at the home of Miss Helen Black in North Jackson street Monday evening. All are requested to attend as many business matters will be discussed at this time.

* * *

The members of the Sophomore class and invited guests of the Webb school, were delightfully entertained at the home of Miss Alvira Mull southwest of the city, Wednesday evening. After a delicious oyster supper which was served to the guests present, the remainder of the evening was spent in playing games and with music.

* * *

From two to four and from four-thirty to six-thirty o'clock yesterday afternoon, one of the most beautiful musicales of the season was given by Mrs. Fred Beale and Mrs. Mary Poston at the home of the former in North Oliver street. The home was artistically decorated throughout with yellow and white chrysanthemums arranged in wall pockets and vases about the rooms. The program for the afternoon was provided by Miss Barbara Schmidt, sister of Mrs. Beale and Miss Helen Schmidt, niece of Mrs. Beale, both of Newcastle. Miss Barbara gave a number of readings and monologues which were greatly appreciated and Miss Helen proved herself to be a delightful entertainer.

At 7:30 o'clock a delicious three course turkey dinner was served to thirty-eight guests. The large dining room table was centered with an immense French basket of yellow chrysanthemums and ferns. The seven smaller tables were similarly decorated with crystal baskets of chrysanthemums.

The out-of-town guests present were Mrs. Joe Brune, house guest of

Mrs. George Griesser of Cincinnati.

Mrs. W. D. Gardner and son and

daughter and Mrs. E. T. Brennan of Indianapolis and the Misses Barbara and Helen Schmidt of Newcastle.

Ruffles are no more confined to tan and tint, a silk that is as guiltless of anything save what the silkworms spun, as is this cartridge silk. It is sure to hit the bull's eye of popular favor and fire both Beau Brummell and Jane Fasion with a mad desire for some. It is a question whether the men will beat the ladies to it and use up its shimmering lengths for Palm Beach suits, silken shirts and pajamas but she will be a wise virgin indeed who hastens and buys up all the glistening yards she can. Incased in cartridge silk with a dash of powder too, what a wondrous chance is here to set all hearts afame.

A mahogany velveteen has three short ruffles piped in organza over each hip while an Orange piped panel of the velveteen extends plainly down the front and back to give the necessary flat effect to the fore and rear.

Something to fasten our best ruffles to is the cartridge silk that is left over from the war the government is now offering to the best dressers for a piece of peace dress goods. Of purest silk weave and of natural color it offers great possibilities as a perfect dress material since it takes to dye as a duck to water. As most, if not all, of our regular dress silk is practically all

A marriage license has been issued to Walter E. Smith of this city and Hazel K. Thomas, who also gave her address as this country.

**COUNCIL TO MAKE
PLANS TO SAVE COAL**

Continued from Page One

This railroad which uses a block system for signalling purposes, gets its power from the city. The batteries which are used for these signals between several blocks along this line, are recharged from the local plant, and without signals this railroad could not run.

Beginning Monday the day current for lights will also be discontinued, and the lights for residences and business houses will not be turned on until five o'clock in the evening. People in homes who use electricity for minor powers, such as ironing, running washing machines, sweeping and other things will be discommoded, but each light and kilowatt of power saved helps that much, and anything should be done by the consumers that would help to prolong a complete shut down.

There are no signs of relief in sight for coal, according to Mr. Mahin, and the condition here looms up now as very serious. If a complete shut down takes place, Rushville will be without city water for domestic purposes or for fire protection, and the city will also be without lights. The former is by far more serious than the latter.

City officials today appealed to the people to cut off all needless electric lights because of the seriousness of the situation. Many are

burning lights which are not needed, it is pointed out.

Made National Celebration.

President Lincoln it was who appointed the fast Thursday in November, 1864, as Thanksgiving day, and each president of the United States since that time has followed Lincoln's example. In 1858 proclamations of a day for Thanksgiving were issued by the governors of twenty-five states and two territories, and it only remained for the president of the United States to make such proclamation to institute the national Thanksgiving day.

A Cheerful Recommendation

"They should be in every traveling man's grip," writes Geo. Jenner, 416 Labor St., San Antonio, Tex., of Foley Cathartic Tablets. "They are the best laxative I have taken and I cheerfully recommend them to anyone suffering with constipation or biliousness." They thoroughly cleanse the bowels, sweeten the stomach and benefit the liver. They correct indigestion, bad breath, bloating, gas, coated tongue and other results of sluggish bowels. No griping; no nausea. F. B. Johnson. (Adv.)

SUGAR SELLS FOR 24 CENTS

Jeffersonville, Ind., Nov. 21—Sugar was selling in Jeffersonville yesterday at prices which varied from 15 cents to 24 cents a pound. Some grocers had no supply, but were expecting a delivery. Some could sell only to regular customers.

The climate of the British colony Sierra Leone on the west coast of Africa is so malarious that the colony is called "The white man's grave."

For a Pain around the Heart after Eating.

TAKE

PEPSINCO

Sometimes in front just under the heart, sometimes around under the left side, under the ribs behind the heart it's a sharp or acute pain; sometimes a dull heavy pain, leaving soreness. It's gas on the inside generated through gaseous foods, or, because of systematic inability to properly assimilate the food, this gas soon collecting, forms a lump that causes the pain. This is only one of a dozen different indications of indigestion which PEPSINCO immediately relieves. Keep PEPSINCO handy and take it the next time.

Ask your druggist—he sells and recommends Pepsinco.

BIG CROWD EXPECTED AT SEALS CONFERENCE

Governor Goodrich Not Able to Speak—Other Important Speakers on the Program.

TO BE HELD IN CLAYPOOL

Indianapolis, Ind., Nov. 22—Replies to the call to the state conference of the campaign committee for the Red Cross Christmas Seal Sale which will begin in Indiana December 1 under the direction of the Indiana Tuberculosis Association indicate that a large group will be in attendance at the session in the Claypool hotel this afternoon.

Governor Goodrich who was scheduled to speak at the conference will not be on the program owing to the fact that he was called to Evansville on a matter of business. The speakers who have been chosen are Michael Foley, former chairman of the state council of defense and E. U. Graff, city superintendents of the Indianapolis schools.

Among those who will be in attendance are members of the state board of health, and a lively session is expected. Dr. J. N. Hurty, secretary of the health board will present plans for the successful pushing of the seal sale in the state, and final consideration to the state seal program for this season will be taken up.

VINCENNES BUSY ON PLANS

Preparing Now For First Annual Meeting of American Legion

Vincennes, Ind., Nov. 22—Business men and members of the commercial organizations of this city are planning already for the welcome they will extend the Indiana branch of the American Legion when it meets here in annual convention next June.

This meeting will bring thousands of former service men—marines, soldiers or sailors—to this city. The minimum number expected is 5,000 and it may exceed 10,000. The convention was brought here by the Vincennes delegation attending the first state meeting in Indianapolis. It will be a reunion of all men who served in military or naval branches during the war.

FIRE AT FT. LEAVENWORTH

Leavenworth, Kas., Nov. 21—Fire of undetermined origin started in the exchange building at the disciplinary barracks at Ft. Leavenworth last night, and destroyed it within half an hour. The exchange building contained a large amount of army supplies and clothing for prisoners. The loss was estimated at \$100,000.

BUSINESS IN REAL ESTATE IS LIGHT

Transactions For First Half of Month Amount to Only \$111,725.34, According to Transfer Records. Largest Sale \$30,500

The real estate business the first half of the month in Rush county was not as flourishing as it has been according to transfer records which show transactions amounting to only \$111,725.34. The largest sale was \$30,500, which sum was paid for a farm of 142½ acres in Washington township. Another farm of 91 and a fraction acres in Jackson township brought \$22,219. The transfer records follow:

Michael J. Curran to Perley H. and Nellie Chadwick, a parcel of land in Rushville, East Tenth street \$327.50.

Roy H. and Mary G. Jones to Charles B. and Elizabeth Baker, north half of a lot adjacent to lot 15 in H. G. Sexton's addition to Rushville, \$4500.

George N. and Etta Spilman to Elizabeth J. and Harold Matney, part of lot 11 in the original plat of New Salem and other real estate in same plat, \$2500.

Walnut Ridge Meering of Religious Society of Friends, to J. Thomas Chappell, 24 acres in Ripley twp., \$2,000.

Elizabeth E. Oldham to Lewis Baty Newhouse, 91.0277 acres in Jackson twp., \$22,910.

Roy H. and Mary G. Jones to Elsie and Edward H. Pitman, south half of a lot adjacent to lot 15 in H. G. Sexton's addition to Rushville, \$4800.

Fred L. and Rosa B. Wilson to Theodore and Florence Abercrombie, lot 90 in Stewart and Tompkins' addition to Belmont, in Rushville, \$2,500.

William and Mahel C. Stewart to David R. and Margaret Lanning, undivided one-half of 60 acres in Richland twp., #7730.

The Grover and Layman Realty Co., to Charles W. Peek, lot 45 in Belmont addition to Rushville, \$245.

Henry and Mary Seegers to Erban B. Vickrey, 142½ acres in Washington twp., \$30,500.

Claude F. and Iva Smith to Nettie Crawford, part of lot 8 in Stewart and Pugh's addition to Rushville \$3630.

Harry and Neva Clifford to Sherman Andrews and Hattie Andrews, lot 258 in Payne, et al. Trustees' addition to Rushville, \$800.

Cynthia A. Becker, et al. to John F. Swain, interest in one acre of land in Posey twp., \$30.

Frank M. and Nora Sparks to George G. Helm, part of lot 66 in George C. Clark's third addition to Rushville, \$1500.

Hattie J. Gatin, et al. to Mary G. Perry and Gano Perry, 12½ acres in Union twp., \$6,000.

Nettie Crawford, to Elbert Orme, undivided 5/18 of 40 acres in Anderson twp., \$1500.

Iva and Claude Smith to Elbert Orme, undivided 5/18 of 40 acres in Anderson twp., \$1500.

Otto E. Humes, et ux. to Wilbur C. Smith and Ella Smith, part of lots 183 and 184 in Payne, et al. trustees' addition to Rushville, \$1,700.

Raymond Sharp and Gertrude

Sharp to Earl O. and Alma Kennedy, 8 acres in Posey twp., \$3100. East Hill Cemetery Co. to Samuel B. Anderson, lot 60 in section 9 of the cemetery, \$200.

Leander C. and Mary E. Ruggles to Martin Winston, lot 53 in Berkley Park addition to Rushville, \$1,00, etc.

Martin Winston to Leander C. and Mary E. Ruggles, lot 53 in Berkley Park Addition to Rushville, \$1,00, etc.

Wilfred E. and Nellie F. Catt, to D. D. Sampson and Oakley Sampson, part of lots 9 and 11 in the original plat of Barlington, (now Arlington), \$4500.

Trustees of the School Town of Carthage, to Jesse Henley trustee of Ripley school twp., lot 10 in Rose Hill addition to Carthage, and other real estate in Carthage \$16,000.84.

The H. H. of the Homer Christian church will hold a food exchange at Caldwell's Furniture Store Wednesday Nov. 26th. 2143

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of Influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Aricine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished.

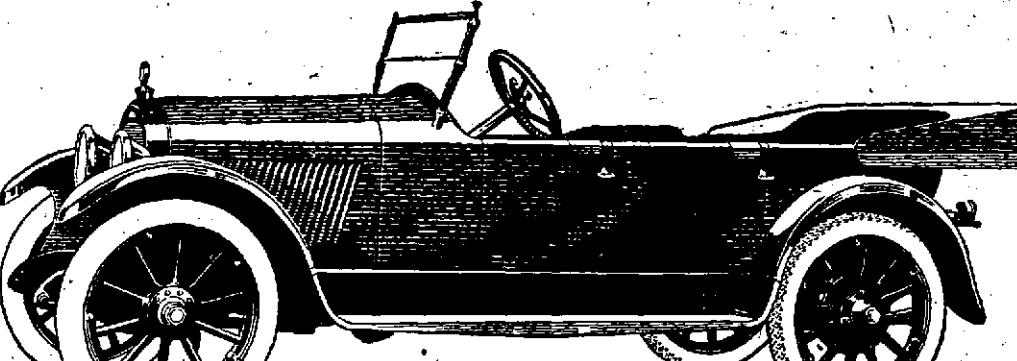

It's really no joke for people who don't know about this simple recipe to be constantly sniffing and snuffing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Aricine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and snuff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

Lexington & Briscoe Automobiles

Make a combination which enables you to make a selection that will satisfy you. Beauty, Comfort, Service—the three graces of a motor car are found in either of these make of cars, and whether you own a Lexington or Briscoe you have something that you can show to your friends with a feeling of pride. The Briscoe car either with the touring or roadster body is by far the best looking light car on the market and at a price of \$1055, delivered to you, makes it an interesting proposition to anyone looking for an automobile. We will be glad to demonstrate this car to you at any time and show you the half a million dollar motor and the many other superior features that you will not find on many high price cars.

Pinnell & Tompkins Lumber Co.

Hupmobile Roadster

We believe the Hupmobile to be the best car of its class in the world. For its Appearance, Comfort, Performance, Durability and Economy there is none other that will equal it in its class. To those who are competent to form right judgments from a discussion of mechanical details should study the specifications of a Hupmobile.

We have a roadster on our show room floor at present. Come and allow us to explain the fine points of "THE COMFORT CAR".

GUARANTEED

FOR FIVE YEARS. WHY?

If a machine is to be guaranteed for a term of years, it must be built to stand up at least that length of time. Every part must be as strong as the rest—no weak points. Something besides "bulk strength and awkwardness" is necessary. The "RUSHVILLE SPECIAL" Spreader is scientifically constructed, and the Litchfield Company knows this, because under its own roofs, every part and piece is built from the raw material. This spreader is not the product of an "assembling" plant.

In building the "RUSHVILLE SPECIAL" Spreader for me, every unnecessary part has been eliminated and the machine scientifically designed and constructed, so that no needless material is used. All required strength is there but your team need not haul around any useless, clumsy, awkward "wooden shoe" weight or bulk. The Bull Dog Beater Wheel and the No-Choke Box put less strain on the machine than any other form of construction so far invented. They also greatly reduce the draft on the horses.

The Self-Oiling journal bearings, the single lever, the studied simplicity—all tend toward efficiency and making the machine fool proof.

The all steel frame with single front and steel bridged bolster construction, the endless self-cleaning conveyor, self-aligning bearings, high carbon beater teeth, crossed truss reinforced frame—all scientifically built together, give me a spreader of KNOWN quality. Thus our reason for the guarantee which comes with the factory's signature. Look this spreader over.

C. H. Tompkins

RUSHVILLE, IND.

GREEDY TOMMY

THIS is little Tommy, who sat down to dinner at half-past 2. And though the company stared and stared, He ate and ate and never cared!

The company's eaten all they're able; They've gone and left him at the table! Oh, Tommy, Tommy! Now you've et it; Somehow I feel that you'll regret it!

Still he ate till not a crumb was left, and then he sucked his thumb! They lifted Tommy from his chair, They lifted him with the greatest care!

That night as Tommy lay in bed, Strange, awful things flew round his head! The things he'd eaten in a row Flew there and cried: "We told you so!"

He screamed, and when his mother came She did her face for very SHAME! For there in bed, with snout so big! She found not Tom, but a little pig! (Really)

My dears! My dears! Let's you and me Be very careful so that we Will not end our Thanksgiving day In such a melancholy way!

Let Us Pray to Be Worthy.

The gold of harvest and of mine are good; untrammeled peace and carefree prosperity are blessings which America has enjoyed in large measure through many years, and for these things we are grateful. But there are greater blessings than these. And the thoughtful will recognize that one form of riches may come to a nation out of the experiences that search deep the hearts of men. The crushing and the melting both play their part in bringing out the gold that is pure and fine.

Let us as in other years give thanks, and in the giving let us renew our courage that we may measure up to the opportunities God is offering to us in these most momentous days of the world's history.

INDEPENDENTS TO PLAY WEDNESDAY

Newly Organized Basketball Team

Will Meet Greensburg at Modern Appliance Building

SEVERAL GAMES SCHEDULED

The Rushville independent basketball team will play its first game of the season here next Wednesday night at the Modern Appliance building when it meets the Greensburg independent five. The local quintet, which is composed of former high school players, has lately been organized and has prospects of a successful season, having booked two games with Shelbyville, two with Moscow, two with Greensburg and one with Connersville. Other games will also be scheduled. The team will play on Wednesday nights of the weeks the high school quintet plays at home and on Friday nights when the high school is playing away from home.

The team has a wealth of good forwards in Martin, Thorpe and Brown, and Keating and Petry may be depended upon to hold down the guard positions. Bryce Stoops will perform at center, which position he handled creditably during his high school career.

County News

Jackson Corner

Mr. and Mrs. Ralph Elwell and son visited his parents, Mr. and Mrs. Charles Elwell, Sunday.

The Misses Flossie and Zula Jackson were visitors in Indianapolis last Wednesday.

Mr. and Mrs. Tom Merritt were in Cambridge City Thursday on business.

Mr. and Mrs. Oscar Gordon and Mr. and Mrs. Charles Caldwell and family attended the funeral of Mrs. Emma Ging at Ben Davis Creek church Thursday.

Mr. and Mrs. George Sweet entertained at dinner Sunday Mr. and Mrs. Charles Knip of Bentonville, Mr. and Mrs. Will Dobkins, Mr. and Mrs. Tom Merritt and family, Mr. and Mrs. Jake Myer, the Misses Flossie and Zula Jackson, Mrs. Olive Mallove and Miss Chloe Dobkins.

Mrs. Jake Myer entertained the Needlework club at her home last Wednesday afternoon. The hours were spent socially with music. The hostess served a delicious two course luncheon to her guests late in the afternoon.

ANNUAL SERVICE THURSDAY

Clyde S. Black Will Preach at First Presbyterian Church.

The annual Thanksgiving services of the Protestant congregations of Rushville will be held at the First Presbyterian church next Thursday morning at ten o'clock. The sermon will be preached by the Rev. Clyde S. Black, pastor of St. Paul's Methodist Episcopal church. The details of the special union services have been left in charge of the pastor, the Rev. George F. Sheldon and the First Presbyterian church choir will also provide the music.

AWAY WITH THOSE ACHES AND PAINS

Keep Sloan's Liniment handy to put the "feel good" back into the system

ALL it needs is just one trial—a little applied without rubbing; for it penetrates—to convince you of its merit in relieving sciatica, lumbago, neuralgia, lame muscles, stiffness, bruises, pains, aches, and strains, the after-effects of exposure.

The congestion is scattered, promptly, cleanly, without effort, economically. You become a regular user of Sloan's Liniment, adding your enthusiasm to that of its many thousands of other friends the world over, who keep it handy. Three sizes at all druggists—35c., 75c., \$1.10.

**This Building Pays Dividends**

Good farmers found out long ago that the better livestock is housed the more it pays for its keep. A good barn, whether it be for dairy cows, mixed stock, grain storage, or general purposes, is a farm structure that never fails to pay dividends on the investment.

Build the Barn You Need

The barn shown in this cut is a big, complete, thoroughly modern structure. We have blue prints and working plans for it, and can give you complete and accurate cost estimates. If this building is too large for your needs, we have others, smaller in size, that may just suit you—and we have the plans for them, too.
